

## 2008 JULY > REYNOLDS GREEN SPACES PROJECT

Reynolds Secondary, along with partner, Leadership Victoria Team Committed, would like to extend a warm invitation for you to attend our Ground Breaking Ceremony in celebration of the completion of Phase 1 of our Green Spaces Project, and to look forward to the realization of the remainder of the project. The Reynolds Green Spaces Project is a restoration and revitalization initiative planned with years of visioning by Reynolds staff and students. The project will involve a Garry Oak restoration and natural revitalization on the front school grounds. An under-used inner courtyard will be transformed into a self-sustaining, natural, learning and relaxing common area. Natural species, garden beds with water management, and aesthetic elements are components of the design. [www.greenspacesproject.org](http://www.greenspacesproject.org) Date: Friday June 6, 2008 Place: Main entrance Foyer to Reynolds Secondary School 3963 Borden Street Time: 2:30-3:00 Arrival with informal time to look at Green Spaces areas and display 3:00-3:30 Short Speeches and recognition 3:30-4:00 Further time to look at Green Spaces areas and inquire

These Reynold High students are a driving force in a remarkable venture: The Reynold Green Group. Here they are with school dignitaries unveiling a new bench they helped provide. The students from left to right are: Kim, Annelise, Emily, Felicity and Laura. An inspiration to us all!
